MEMORANDUM FOR: Chief, Geographic Research
ATTENTION: Chief, Geography Division
SUBJECT: Requirement for Escape and Evasion Briefing Kits

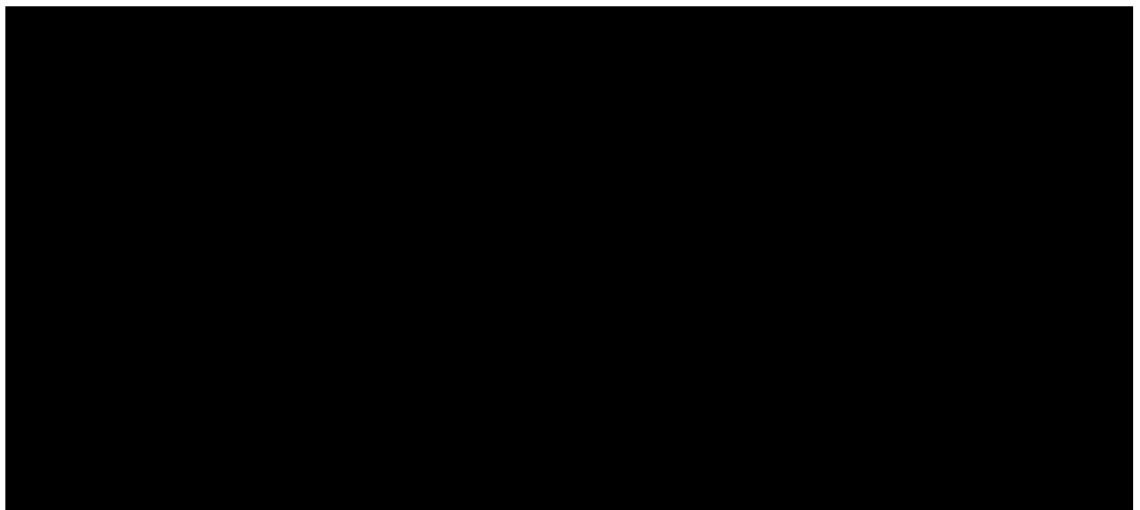

25X1A

25X1A

1. [REDACTED] requests the Geography Division to prepare a series of Escape and Evasion Briefing Kits for the use of the Office of Special Activities/DDR and the [REDACTED]. The briefing kits should be similar in format to those previously prepared by the Geography Division for this office.

2. The areas to be covered by these kits, and the order of precedence, are as follows:

25X1C

25X1C

25X1C

3. The target date for the completion of the first four studies [REDACTED] is not later than mid-July 1963. The remainder of the studies should be completed as quickly as your work schedule will permit, but the need for them is not as great as for the first four.

4. For the record, we would like to note several points that were made at the briefing-kit conference attended by representatives of the Geography Division, CSA, [REDACTED] on 18 February 1963, as follows:

25X1A

GROUP 1
Excluded from automatic down-
grading and declassification

... Because of the nature of the operations involved, the determination of precise deadlines is not possible at this time, nevertheless the kits should be considered as urgent requirements and produced as soon as possible.

25X1C

4. If the analysts in the course of their research determine that the boundaries indicated above for some of the studies that (especially for [REDACTED]) are not in accord with geographic realities, they should confer with [REDACTED] of OSA so that some adjustment can be made.
